Ulrich Knaack

Professor, TU Delft, Niederlande

Department of Architectural Engineering and Technology

TUM-Aufenthalte: 2014

bei Professor Thomas Auer, Lehrstuhl für Gebäudetechnologie und klimagerechtes Bauen

Gastgeber Professor Thomas Auer:

„Professor Knaack ist eine herausragende Persönlichkeit der Fassadenforschung. Mit Professuren an der TU Delft und TU Darmstadt ist sein Werk international und interfakultär (Architektur und Bauingenieurwesen).“

“The faculty of Architecture is a great environment and has great people to research and develop with! Next to a nice research project in Sustainability we developed a concept for a scientific conference ‘PowerSkin’ which is held in relation to the trade fair BAU.”
