The Urban Studies Best Article is awarded by the editors to the author(s) of what they consider to be the most innovative and agenda-setting article published in a given year. Eight articles were shortlisted by the editors from those published in print copy in 2017.

- Pratsinakis M, Hatziprokopiou P, Labrianidis L and Vogiatzis N (2017) Living together in multi-ethnic cities: People of migrant background, their interethnic friendships and the neighbourhood, *Urban Studies* 54(1): 102–118.
- Attoh K (2017) Public transportation and the idiocy of urban life, *Urban Studies* 54(1): 196–213.
- Su F and Tao R (2017) The China model withering? Institutional roots of China's local developmentalism, *Urban Studies* 54(1): 230–250.
- Meijers EJ and Burger MJ (2017) Stretching the concept of 'borrowed size', *Urban Studies* 54(1): 269–291.
- Taylor Buck N and While A (2017) Competitive urbanism and the limits to smart city innovation: The UK Future Cities initiative, *Urban Studies* 54(2): 501–519.
- Hall S, King J and Finlay R (2017) Migrant infrastructure: Transaction economies in Birmingham and Leicester, UK, *Urban Studies* 54(6): 1311–1327.
- Tselios V, McCann P and van Dijk J (2017) Understanding the gap between reality and expectation: Local social engagement and ethnic concentration, *Urban Studies* 54(11): 2592–2612.
- Morrison N (2017) Selling the family silver? Institutional entrepreneurship and asset disposal in the English housing association sector, *Urban Studies* 54(12): 2856–2873.

The editors are pleased to announce that Dr Evert Meijers, Delft University of Technology, and Dr Martijn Burger, Erasmus University Rotterdam, are the winners of the Urban Studies Best Article 2017 for their article, *Stretching the concept of 'borrowed size'*.

This article along with the other seven shortlisted papers are free to view on the Journal's website.
