In the version of this article initially published, there was a typographical error in the third term of equation (2) in the Methods section, which now reads “ $S^* = 100 + 7T$, $W^* = 4.5 - 0.0257T$, $H^* = e^{1.1+0.067T}$, $T^* = 16$ ”, where $e^{1.1+0.067T}$ appeared originally as $e^{1.1+0.67T}$. This error was in presentation only and does not affect the results or source code. The equation has been amended in the HTML and PDF versions of the article.
